

## PRESS RELEASE

### Eventide announces Misha at Superbooth 2022

Eventide Audio introduced a new Eurorack Module called Misha at Superbooth 2022. Misha is an innovative Eurorack instrument/sequencer, that utilizes a unique, interval-based approach to playing and creating melodies. It's designed to be played like a keyboard instrument and yet it makes music in a way unlike any instrument before it. In addition to playing it live, you can also record sequences that can be modified in a multitude of ways, allowing for new paths of spontaneous creativity. The Eventide Misha will be shipping in Summer 2022.

**Berlin, 16th of May 2022** – We are proud to present Misha, an innovative 28hp Eurorack instrument/sequencer that utilizes a unique, interval-based approach to playing and creating melodies.

#### Make sounds in three ways

Misha let's you create sounds via MIDI, control voltage (with three independent gate/cv pairs) or outputting waveforms via the audio jack

#### External control

Control and play Misha via a MIDI Keyboard or a standard USB QWERTY keyboard

#### 100 factory scales

Misha comes with 100 different scales - from standard pentatonic scale up to various micro-tone Scales and more. Misha has slots for up to 100 user/custom scales and supports Scala.

**Tone row based sequencer**

Misha is a tone row based sequencer which is inspired by the classic compositional technique used in serial music

**Comprehensive control**

Record and playback your own sequence in order to easily manipulate and expand upon your musical ideas

**Create rhythmic variations**

Use the clock divider to create rhythmic variations of your sequences.

**4 the user**

Misha has four user-assignable Buttons and 18 user presets

**Ins / outs and polyphony**

Misha supports polyphony via 3 CV outputs or MIDI. It also features an audio output for the internal oscillator. The CV inputs can be used for external trigger/control sources and thanks to the clock input, you can sync Misha to any external source in your setup.

**Micro-USB**

Connect a standard QWERTY keyboard or update the firmware using the Eventide Device Manager Software

**Micro SD-Card Slot**

Save and load scales and settings to a micro SD-card.

**About Eventide:**

Celebrating its 50th Anniversary, Eventide has remained at the forefront of recording technology since 1971. In 1975 they revolutionized the audio industry by creating the world's first commercially available digital audio effects unit, the H910 Harmonizer®. Since then, their legendary studio processors, stompboxes and plug-ins have been heard on countless hit records. Eventide®, Harmonizer® and Blackhole® are registered trademarks of Eventide Inc.

**About the Company Sound Service GmbH**

Founded in 1983, the Berlin based Sound Service GmbH has been growing steadily from a one-product-distributor (MFB Fricke; the world's first digital drummachine) to one of the major independent German distribution companies for musical instruments recording studio equipment and PA, Lightning and DJ products. Today Sound Service is one of the leading distribution companies in Europe with exclusive distribution rights for a lot of the A-List MI-brands covering most of the countries in Europe.
