

## PRESS RELEASE

Eventide releases TriceraChorus Triple Chorus Algorithm for H9 and Limited Edition H9 Dark

We are very proud to announce the Eventide TriceraChorus Triple Chorus Algorithm for H9 and H9 Dark Limited Edition

### Content of this Press Release:

- H9 Dark Limited Edition
- TriceraChorus Triple Chorus
- Pricing and Availability

**Rangsdorf, 16th of January 2020** – Eventide is unveiling TriceraChorus, a new vintage-inspired triple chorus algorithm for their TEC Award-winning H9 Harmonizer® – at The 2020 NAMM Show in Anaheim, CA.

This is the 52nd algorithm released for the H9 platform. To celebrate the 52nd effect algorithm released for H9, Eventide will also be releasing the fully-loaded, limited edition, H9 Dark; musicians can now “play with a full deck” of all 52 effects with over 600 unique presets.

TriceraChorus is inspired by classic bucket brigade delay tri-choruses and choruses used both live and in the studio. TriceraChorus has up to three chorus voices, each with a dedicated LFO to modulate a delay and create lush chorus sounds. The algorithm also has vibrato, stereo detune, and two envelope destinations (Mix & Rate) on tap.

### Pricing and Availability

H9 Dark and TriceraChorus will available in February.

Current H9/H9 Core owners can purchase the algorithm from H9 Control as an in-app purchase for \$19.99; TriceraChorus is free for H9 Max owners.

For the H9 Dark the UVP is at 799,00 Euro.

**About the Company Sound Service GmbH**

Founded in 1983, the Berlin based Sound Service GmbH has been growing steadily from a one-product-distributor (MFB Fricke; the world`s first digital drummachine) to one of the major independent german distribution companies for musical instruments recording studio equipment and PA, Lightning and DJ products. Today Sound Service is one of the leading distribution companies in Europe with exclusive distribution rights for a lot of the A-List MI-brands covering most of the countries in Europe.
