

PRESS RELEASE

Eventide Unveils Pro Tools Integration for the H9000 Multi-Effects Processor

We are proud to introduce the highly anticipated Pro ToolsIHD Expansion Card for the flagship H9000 multi-effects processor. With full integration, Pro Tools production benefits from the unprecedented processing and effects flexibility and power of the H9000's 1600+ Eventide algorithms and expansive ARM-based DSP with elegant operational simplicity within the familiar Pro Tools I/O and plug-in user interfaces.

Content of this Press Release:

- full integration in Pro ToolsIHD
- 32-channels In/Out (primary port only)
- 16-channels (primary port) + 16-channels pass-thru to secondary port for connecting other HD devices
- Within Pro Tools, the H9000 appears as an HD I/O device
- Digital synchronization

Rangsdorf, 16th of January 2020 –The H9000 Pro ToolsIExpansion Card has two H9000 setup menu selectable modes of operation – 32-channels In/Out (primary port only) or 16-channels (primary port) + 16-channels pass-thru to secondary port (for connecting other HD devices). Within Pro Tools, the H9000 appears as an HD I/O device (16 or 32 channels, depending on the selected mode). Digital sync selection options are Internal, (Loop Sync Master), Word-clock, Loop Sync, AES, SPDIF, and OPTICAL. As with other HD devices interfaced Pro Tools, H9000 sample rate is controlled by Pro Tools. 16 x 16 analog I/O can be enabled with Pro Tools display of analog gain control levels (but not control). Pro Tools automatic latency compensation for signals processed in the H9000 based on Avid HD I/O specs.

About the Company Sound Service GmbH

Founded in 1983, the Berlin based Sound Service GmbH has been growing steadily from a one-product-distributor (MFB Fricke; the world`s first digital drummachine) to one of the major independent german distribution companies for musical instruments recording studio equipment and PA, Lightning and DJ products. Today Sound Service is one of the leading distribution companies in Europe with exclusive distribution rights for a lot of the A-List MI-brands covering most of the countries in Europe.
