**Berlin, 10th of November 2025** – Zoom is pleased to announce new Firmware Updates for the H1essential, H4essential and H6essential Handy Recorders.

Based on feedback from the recently conducted *#Voice For Essential* survey among users and creators worldwide, the update adds three key features:

### Input Gain Adjustment Function

By adjusting levels during recording, it significantly reduces the need for audio editing in post-production.

### AI Noise Reduction Function

By learning and reducing ambient environmental noise, it achieves quiet, clear recordings as if captured in a soundproof studio.

### MP3 Recording / MP3 Export Function

Enables recording in a compressed format that minimizes file size, making sharing recorded files even more convenient.

With these new tools, the Essential Series continues to evolve, helping musicians, podcasters, and filmmakers capture their best sound with ease.

The new Firmware is available for free download on Zoom's website [www.zoomcorp.com](http://www.zoomcorp.com)

**About the Zoom Corporation**

WE'RE ZOOM. AND WE'RE FOR CREATORS.

Zoom designs and produces a wide array of recording devices, multi-effects processors, effects pedals, digital mixers, and samplers. Our innovative, cutting-edge technology is trusted world-wide by sound designers, musicians, podcasters, filmmakers, location sound professionals, electronic news gatherers, and pretty much anyone who creates amazing, important things.

Zoom's corporate culture is a fusion of engineers and artists; a combination of advanced technological skills and the sense and desire to employ them creatively and imaginatively. Our mission is to design, develop and manufacture high-end, and easy-to-use creative tools that allow anyone, from amateur to professional, to more freely express their creative ideas in today's digitally-driven world.

**About the Company Sound Service European Music Distribution**

Founded in 1983, the Berlin based Sound Service European Music Distribution has been growing steadily from a one-product-distributor (MFB Fricke; the world's first digital drummachine) to one of the major independent german distribution companies for musical instruments recording studio equipment and PA, Lightning and DJ products. Today Sound Service is one of the leading distribution companies in Europe with exclusive distribution rights for a lot of the A-List MI-brands covering most of the countries in Europe.
