

PRESS RELEASE

Icon Introduces Cube VST Series Audio Interfaces:

We proudly announce four new members of the Icon VST audio interface family. This new generation of the Cube Nano interfaces has been upgraded for superior audio quality when monitoring and has flexible preamps with individual controls. The Cube series represent simplicity in audio interface design plus flexible utility thanks to a smart selection of input and output connections. Connect a Cube VST to a laptop and monitor speakers for an instant studio setup, or connect it to an iOS device and go fully mobile!

Introducing the Cube VST series: record anywhere, anytime

Features – Icon Cube 2Nano VST

Features – Icon Cube 4Nano VST

Features – Icon Cube 6Nano VST

Features – Icon Cube Pro VST

Rangsdorf, 25th of January 2018 – Icon presents four new audio interfaces, the Cube 2Nano VST, Icon Cube 4Nano VST, Icon Cube 6Nano VST, Icon Cube Pro VST.

Record anywhere, anytime, even with your iPhone, using the Icon Pro Audio Cube VST USB 2.0 audio interfaces. Icon has upgraded this popular 24-Bit 96/192KHz audio interface with a brand new JCT 3.0 audio processing chip to increase conversion quality, lower the noise floor, and increase processing speeds. Each of the two mic preamps comes equipped with individual gain, and phantom power, and the unit offers 2 analog TRS outputs, S/PDIF I/O and MIDI I/O for maximum versatility in this rugged, highly portable unit.

The new VST family interfaces also feature ProDriver VST, an innovative VST rack, plug-in host, and virtual signal router. Run it either in standalone mode or with a digital audio workstation. The Cube VST series audio interfaces also include a suite of professional music production plug-ins by Kilohearts for advanced processing. (156 words / 818 characters)

Features – Icon Cube 2Nano VST

- 24-Bit 192KHz 1 mic-In/1 guitar-In, 2-Out USB Recording Interface
- DAC Dynamic Range: 114dB
- ADC Dynamic Range: 114dB
- 2x2 analog I/O full duplex recording and playback
- Mic/Instrument preamps with individual gain control and phantom power switch

PRESS RELEASE

Icon Introduces Cube VST Series Audio Interfaces:

- 2 analog outputs on 1/4" TRS jacks or stereo output on 3.5mm phone connector
- Master volume control on the front panel
- Direct monitor knob control on the top panel
- 1 headphone output with assignable source and individual volume control
- Flexible channel routing via the software control panel ICON innovative ProDriverVSTTM VST plug-ins hosting rack is provided
- Different VST plug-ins are provided
- USB2.0 High Speed equipped and USB bus-powered
- Supports DirectSound, WDM and ASIO2.0
- Compatible with Mac OS (Intel-Mac), iOS 9 or above and Windows 7, 8 & 10 (32-bit/64-bit)
- Full duplex, simultaneous record/playback
- +5VDC power supply connector is equipped for external power supply when using with iOS
- Rugged aluminum construction

Features – Icon 4Nano VST

- 24-Bit 96/192KHz 4-In/4-Out USB Recording Interface
- High dynamic range and S/N ratio:
- DAC: THD+N: -100dB; Dynamic Range, S/N: 114dB
- ADC: THD+N: -98dB; Dynamic Range, S/N: 112dB
- 2x2 analog I/O full duplex recording and playback
- ICON "ProVSTDriver" provided with internal virtual routing for inputs and outputs
- Powerful VST hosting rack built in with the "ProVSTDriver"
- Different VST plug-ins are provided
- Dual MIC/Instrument preamps with individual gain control and phantom power switch
- 2 analog outputs on 1/4" TRS jacks
- S/PDIF I/O on RCA coaxial connectors
- 1 x 1 – 16 channel MIDI I/O
- Master volume control on the front panel
- 1 headphone output with assignable source and individual volume control
- Direct monitoring switch for "Stereo, Mono and PC" with individual volume control
- Flexible channel routing via the software control panel (Windows only)
- Different VST plug-ins are provided
- USB2.0 High Speed equipped and USB bus-powered
- Supports DirectSound, WDM and ASIO2.0
- Compatible with Mac OS (Intel-Mac), iOS and Windows 7,8 & 10 (32-bit/64-bit)
- Full duplex, simultaneous record/playback
- +5V DC power supply connector is equipped for external power supply when using with iOS
- Rugged aluminum construction

Features –Icon Cube 6Nano VST

- 24-Bit 192KHz 4-In/4-Out USB Recording Interface
- DAC Dynamic Range: 114dB
- ADC Dynamic Range: 114dB
- 4x4 analog I/O full duplex recording and playback
- Dual Mic/Instrument preamps with individual gain control and phantom power switch
- 2 analogue inputs on 1/4" TRS jacks
- 4 analog outputs on 1/4" TRS jacks
- S/PDIF I/O on RCA coaxial connectors
- 1 x 1 – 16 channel MIDI I/O
- Master volume control on the front panel
- Direct monitor knob control on the top panel
- 1 headphone output with assignable source and individual volume control
- Flexible channel routing via the software control panel
- ICON innovative ProDriverVST VST plug-ins hosting rack is provided
- Different VST plug-ins are provided
- USB2.0 High Speed equipped and USB bus-powered
- Supports DirectSound, WDM and ASIO2.0

About the Company Sound Service GmbH

Founded in 1983, the Berlin based Sound Service GmbH has been growing steadily from a one-product-distributor (MFB Fricke; the world's first digital drummachine) to one of the major independent german distribution companies for musical instruments recording studio equipment and PA, Lightning and DJ products. Today Sound Service is one of the leading distribution companies in Europe with exclusive distribution rights for a lot of the A-List MI-brands covering most of the countries in Europe.
