Berlin, 29th of April 2025 – Eventide invented the Harmonizer® in 1975 with the H910, changing the sound of music production forever. Now that legacy continues with Harmonizer+, a new suite of vocal effects for the TEC-Award winning H90 Harmonizer pedal. Previously exclusive to the flagship H9000, Harmonizer+ brings advanced vocal processing to the H90's growing platform. The first two algorithms—VocalTune and VocalShift—add powerful tools for pitch correction, harmonization, and creative vocal transformation, making the H90 even more versatile for both stage and studio use.

VocalTune – From subtle pitch correction to bold experimental textures, VocalTune is a powerful tool for vocal enhancement. Precise scale quantization delivers flawless pitch control. Pitch and formant shaping, as well as gate and compression controls allow you to sculpt your voice with ease.

VocalShift – Transforms your voice into a lush, vibrant choir. Create everything from subtle doublings to expansive vocal ensembles with three distinct voices, with pitch and formant per voice. Dial in pitch-perfect harmonies with intelligent scale recognition. Perform features include voice soloing, pitch glides and pitch holds.

H90 Control Software Improvements

Along with these new algorithms, the H90 Control software for Mac, PC, and iPad has received important quality-of-life updates. Intuitive parameter grouping puts related settings at your fingertips, while a redesigned algorithm and preset selection

PRESS RELEASE

About Eventide:

For over 50 years, Eventide has remained at the forefront of recording technology. In 1975 it revolutionized the audio industry by creating the world's first commercially available digital audio effects unit, the H910 Harmonizer®. Since then, its legendary studio processors, effects pedals, and plug-ins have been heard on countless hit records.

Eventide is a registered trademark Eventide Inc. Harmonizer is Eventide's trademark for a special effects device incorporating pitch change.

About the Company Sound Service GmbH:

Founded in 1983, the Berlin based Sound Service GmbH has been growing steadily from a one-product-distributor (MFB Fricke; the world's first digital drummachine) to one of the major independent german distribution companies for musical instruments recording studio equipment and PA, Lightning and DJ products. Today Sound Service is one of the leading distribution companies in Europe with exclusive distribution rights for a lot of the A-List MI-brands covering most of the countries in Europe.
