

Studiologic introduces Numa Compact SE and Compact X SE at NAMM 2024!

Following the success of the highly acclaimed Numa X Piano, Studiologic introduces the new Numa Compact SE and Compact X SE portable and lightweight Stage Pianos at NAMM 2024.

Both new models feature now 4 new designed sound engines derived from our flagship Numa X Piano. Numa Compact SE offers +60% polyphony and 60 more sounds than its predecessor Numa Compact 2. The new Numa Compact SE with its contemporary vintage look is now loaded with a large sound library and features a professional semi-weighted keyboard with aftertouch, programmable metal controller sticks and 9 programmable sliders which can be used as Drawbars to control the organ sounds (only Numa Compact X SE). With Audio over USB and built-in speakers, the Numa Compact SE can be used in the studio, in rehearsal rooms or on stage. And yes....it weighs only 7kg! Both new models will be available in Q1 2024.

Content of this Press Release:

- COMPACT SIZES TO THE POWER OF FOUR
- ACOUSTIC ENGINE
- ELECTRIC ENGINE
- ORGAN ENGINE
- SYNTH ENGINE
- PLAY:LISTEN
- SOLID CONTROL
- TOTAL ACCESS
- IMPRESSIVELY POWERFUL. IMPOSSIBLY LIGHT
- TECHNICAL SPECIFICATIONS

Berlin, 25th of January 2024 – Numa Compact SE and Numa Compact X SE evolve thanks to the technologies derived from Numa X Piano. Everything we loved about the Numa Compact in the same lightweight and portable cabinet is now equipped with a powerful new sound engine.

ACOUSTIC ENGINE

New Acoustic Piano sounds are enhanced from a totally revamped Acoustic Engine. High resolution samples are combined with adjustable additional layers to reproduce every note even more real.

- New Acoustic Piano samples
- More control of the Strings and Duplex Resonance
- Adjustable Damper noise

ELECTRIC ENGINE

A new dedicated engine combines a mix of samples and effects to emulate the realism of Numa X Piano physical modelling technology.

Numa Compact SE can reproduce any Electric piano sound in a mind-blowing accuracy.

- New Tine sounds and FM emulations
- Tine volume control
- Damper noise control

ORGAN ENGINE

A true tone wheel organ model is implemented as a separate sound engine. Numa Compact SE provides a stunningly reproduction of some of the most notable organs.

The 9 programmable drawbars of Numa Compact X SE can control organ sounds or send MIDI messages as well.

- Brand new Rotary FX, Chorus and Vibrato
- Percussion controls
- Real time control of the sound

SYNTH ENGINE

The brand new virtual oscillators engine is capable to generate any wave and transform Numa Compact SE into a powerful synth machine.

Use the sliders to design your own unique sound from one of the forty included in the library.

- Portamento, Staccato and Legato control
- Monophonic and Polyphonic mode
- Real time control of the sound

PLAY:LISTEN

Numa Compact SE grows with your demands. You can either use it with the high quality built-in speakers in a training session, practice at home with your headphones and plug it to the PA system when playing with your musician friends or performing live on stage.

SOLID CONTROL

Expressive performance with ergonomic metal stick controllers. The programmable sticks and the Aftertouch add to the performance a total musical control.

TOTAL ACCESS

All the power of the sound engines is under control thanks to the user-friendly user interface with its clear OLED screen.

The FX processor has a dedicated control section to perform up to 6 effects simultaneously.

IMPRESSIVELY POWERFUL. IMPOSSIBLY LIGHT

The new Numa Compact SE with its contemporary vintage look is now loaded with a large sound library and 4 dedicated sound engines. It features a professional semi-weighted keyboard and provides a list of functions never found before in any instrument of its category.

What's more? Oh yes... it weighs only 7 kg!

About Studiologic

Studiologic released their first product in 1986. The STUDIO 88 was a pioneer in a new segment of digital musical instruments: the Masterkeyboard. Followed by the famous SL-990 XP and SL-990 Pro master Keyboards, Due to their expertise in development and manufacturing of world-class keybeds, Studiologic quickly gained reputation among the best musicians and recording studios in the world. The current product range includes Stage Pianos, MIDI Controller, Synthesizers and of course the highly acclaimed SL-Master Keyboards.

About the Company Sound Service European Music Distribution

Founded in 1983, the Berlin based Sound Service European Music Distribution has been growing steadily from a one-product-distributor (MFB Fricke; the world's first digital drummachine) to one of the major independent german distribution companies for musical instruments recording studio equipment and PA, Lightning and DJ products. Today Sound Service is one of the leading distribution companies in Europe with exclusive distribution rights for a lot of the A-List MI-brands covering most of the countries in Europe.
