

PRESS RELEASE

Zoom G1 FOUR and G1X FOUR

Zoom unveiled the new G1 FOUR and G1X FOUR Multi-Effects Processors for Guitar today at NAMM 2019. G1 FOUR and G1X FOUR are the successors of the highly acclaimed Zoom multi-effect pedals G1on and G1Xon. The two new pedals offer incredible new features, including a comprehensive collection of drum patterns, a looper and full integration with Zoom Guitar Lab. The Zoom Guitar Lab software will also be updated to version 4.0 with the introduction of these new products and will offer many new features that make it easier than ever to organize, edit and customize artist patches, effects chains, amp simulations and much more.

Rangsdorf, 24th of January 2019 – We are pleased to introduce to you the all-new Zoom G1 FOUR and Zoom G1X FOUR. These multi-effects processors for Guitar are the successors of the popular Zoom G1on and G1Xon. They both have incredible new features including a comprehensive collection of drum patterns, a looper, and full integration with Zoom Guitar Lab.

TWO PEDALS. ENDLESS SOUNDS.

The Zoom G1 FOUR and G1X FOUR feature over 70 effects and amp models, looper and drum machine. Plus, access Guitar Lab's huge library of downloadable effects. Plug in and be amazed!

X is for Xpression

The G1X FOUR comes with ZOOM's expression pedal, which provides control over effects such as volume, wah, delay and pitch.

PRESS RELEASE

Zoom G1 FOUR and G1X FOUR

Sounds That Inspire

Both pedals have more than 60 traditional and boutique effects, including ring modulator, pitch-shifting delay and even sitar simulation.

Your Favorite Amps and Cabinets

With 13 classic amps and cabinets like Fender, Marshall, Orange and more, the G1 series brings big stage sound wherever you go.

You'll Love Our Free Guitar Lab Software

With Guitar Lab, explore an endless world of artist patches, effects and more. And with its ability to manage and backup all of your patches, you can experiment and create endless combinations.

Drums Included!

Play along with 68 great-sounding rhythm patterns in different time signatures, including 4/4, 3/4 and more.

Stay Looped In

The built-in looper can record up to 30 seconds of playing, allowing you to create dynamic, multi-part arrangements.

Auto Patch Backup

Your patches and level settings are instantly backed up when using the Auto Save function, ensuring you never lose your latest creation.

Perform Live

Seamlessly switch up your sounds during live shows using either of 2 performance modes. Preselect mode lets you jump from patch to patch without affecting the patch you're currently playing. STOMP mode lets you turn individual effects on and off with the tap of your foot.

Off the Floor

The G1 FOUR/G1X FOUR's control panel is also designed for hands-on, desktop use. Dial in tones and adjust level settings with absolute precision to craft your perfect sound.

Power Options

The G1 FOUR/G1X FOUR runs on just four AA batteries. Alternatively, it can be powered using the optional Zoom AD-16 AC adapter or via USB bus power.

Features

- G1 FOUR offers 65 built-in effects
- G1X FOUR offers 71 built-in effects
- 13 amp models for simulating classic rigs
- Up to 5 effects can be used simultaneously, chained together in any order
- Looper for recording up to 30 seconds / 64 beats of CD-quality audio with seamless start and end times
- Guitar Lab software for creating, editing and managing effects and patches
- 68 built-in rhythm patterns which can be used in conjunction with the Looper
- 50 memory locations for storing user-created patches
- Swap function makes patch organization a breeze
- Auto Save function for automatic saving of all patch parameters
- Preselect function allows silent patch selection while the current patch remains operational
- Onboard chromatic tuner supports all standard guitar tunings, including open and drop tunings
- Input jack accepts standard mono guitar cable (both active and passive instruments supported)
- Auxiliary input jack for connection of personal music players
- Output jack for connection to amp or headphones
- Backlit LCD with contrast control for easy viewing in low-light environments
- Lightweight and small enough to fit in your gig bag
- Easily integrated into any existing pedal board
- Runs on 4 AA batteries, with alkaline battery life of 18 hours
- USB port for firmware updates, power and connection to Guitar Lab
- Optional AC adapter

About the Company Sound Service GmbH

Founded in 1983, the Berlin based Sound Service GmbH has been growing steadily from a one-product-distributor (MFB Fricke; the world's first digital drummachine) to one of the major independent german distribution companies for musical instruments recording studio equipment and PA, Lightning and DJ products. Today Sound Service is one of the leading distribution companies in Europe with exclusive distribution rights for a lot of the A-List MI-brands covering most of the countries in Europe.
